

To: Sylvania High School

Yours Sincerely

First of all, please accept the thank you from all the teachers and students at Wuhan No.1 Junior High School of Wuhan Economic Development Zone. Your school has showed us great hospitality during the study tour. Education has no borders, from August 6<sup>th</sup>-10<sup>th</sup> our student representatives have learned deeply and benefited greatly from the study mode and content of Australian K12 education system through studying in your school. While studying, our students also got great help from their buddies, and then an extraordinary international friendship has been forged since. Your principal and the teacher give our children the professional support, showed us humanities concern, let our children from the other side of the ocean, found the feeling of home, thank you again for your dedication and hard work!

Secondly, we wishes to have more study tour opportunities with your school in the future during our school holidays. We also sincerely like to invite the principle, teachers and students of your school to visit and study in our school. This study tour is just the beginning of our friendship, and we hope to establish a long-term friendship with your school.

At last we like to give special thanks to NSW DE International and agent ASECE to give us the opportunity of high quality study tour program.

Wish your school and study tour program all the best in the future.

Thank you

Kind regards
